About Us

WELCOME TO FIJI - Fiji is a nation comprising 333 islands in 18,376 square kilometers of the Pacific Ocean. The islands range from large and volcanic with high peaks and lush terrain, to sand keys and to rugged limestone cliffs. Cruising the idyllic waters of Fiji brings you to a friendly destination that is known for its caring and warm heritage, giving visiting superyachts a remote cruising experience full of adventure and wonderful experiences.

We can navigate the way through the formalities of cruising to and around the country on your behalf and a custom itinerary by APS Fiji will take you through any or all of the five distinct cruising areas of highly diverse locations to visit: Yasawa and Mamanuca Islands; Beqa and Kadavu; Lomaiviti Group; Taveuni, Vanua Levu and The Ringgold's; and Northern and Southern Lau. Over the next couple of years, four new marina development / expansion projects are planned, all geared toward providing Superyacht services.

- Fresh provisions
- Beverages and wine supplies
- Galley parts and supplies
- Wine tasting

OUR SERVICES TO THE CREW

- Banking assistance
- Medical care
- Preferred rates on many hotels
- Car hire and tours
- Travel arrangements

ITINERARY

MAMANUCA AND YASAWA ISLANDS

1. PORT DENARAU MARINA

Guests embark Port Denarau Marina. The marina is conveniently located 20 minutes from Nadi International Airport.

2. NAVADRA ISLAND

This uninhabited island is the pearl of the Mamanuca group of islands and a great place to enjoy a bit of peace and serenity.

The island is split into two with a beautiful reef and sand bar linking them together. Explore the little visited beaches and snorkel the crystal clear water surrounding this beautiful island.

3. WAYA ISLAND

Waya Island is the Southernmost island in the Yasawa Group. Anchor off Natawa village (South Waya). Present your kava to the village chief in the traditional "sevusevu" ceremony.

This high island has spectacular views from its peak and is worth the 45min hike to the top. Stop and refresh in the natural spring on the way. There are some good diving and snorkeling on the peninsulas and the nearby islets.

Spend the night at Naluwaki Bay on the North side of Waya Island and explore the uninhabited beaches.

4. NAVITI ISLAND

Manta Rays can be seen daily from May to October at the Southern end of Naviti Island. Pass through the scenic channels between the 3 islands to the south of Naviti, select an anchorage and take the tender to the southern tip of the island. Here is a favorite feeding ground of the Manta Rays. Snorkel or dive with these huge docile plankton eating creatures.

The village of Soso at the head of Soso Bay on the Southern end of Naviti Island can offer a Meke (traditional dance) and a Lovo feast. The whole village participates in the preparation of the Feast after which groups of men, women and children take turns doing traditional Fijian dancing.

5. BLUE LAGOON

Located East of Matakawa Levu Island is Blue Lagoon. This is the location where the famous Brook Shields movie of the same name was filmed.

This stunning lagoon shimmers in turquoise blue water. There is some exciting Snorkeling through the passes in the reef and the neighboring islands can be explored on foot.

6. SAWA-I-LAU ISLAND

This is large bay dotted with beaches and shallow passes ideal for snorkeling and exploring. Present your kava to the village and visit the huge chandelier caves formations on Sawa-i-Lau island.

You can swim through these magnificent caves with sun light filtering through holes in the roof.

7. YASAWA-I-RARA BAY

Cruise to the top of Yasawa Island. Round the top of the island and anchor in Yasawa- I- Rara Bay. This is one of the most beautiful beaches in Fiji, with 10 kilometers of pristine all-tide beaches interrupted by lush green headlands. There is some great snorkeling and diving off the northern tip of Yasawa Island. Explore this remote coast at will, walk the coast line at low tide to view the varied fish life in the corals and pools.

THE LAU GROUP OF ISLANDS

Forbes Magazine has listed the Lau group of islands as one of the "Top 12 World's Most Beautiful Places". Forbes chose the Lau Archipelago for its "mind-blowing array of marine life and a gentle, carefree vibe."

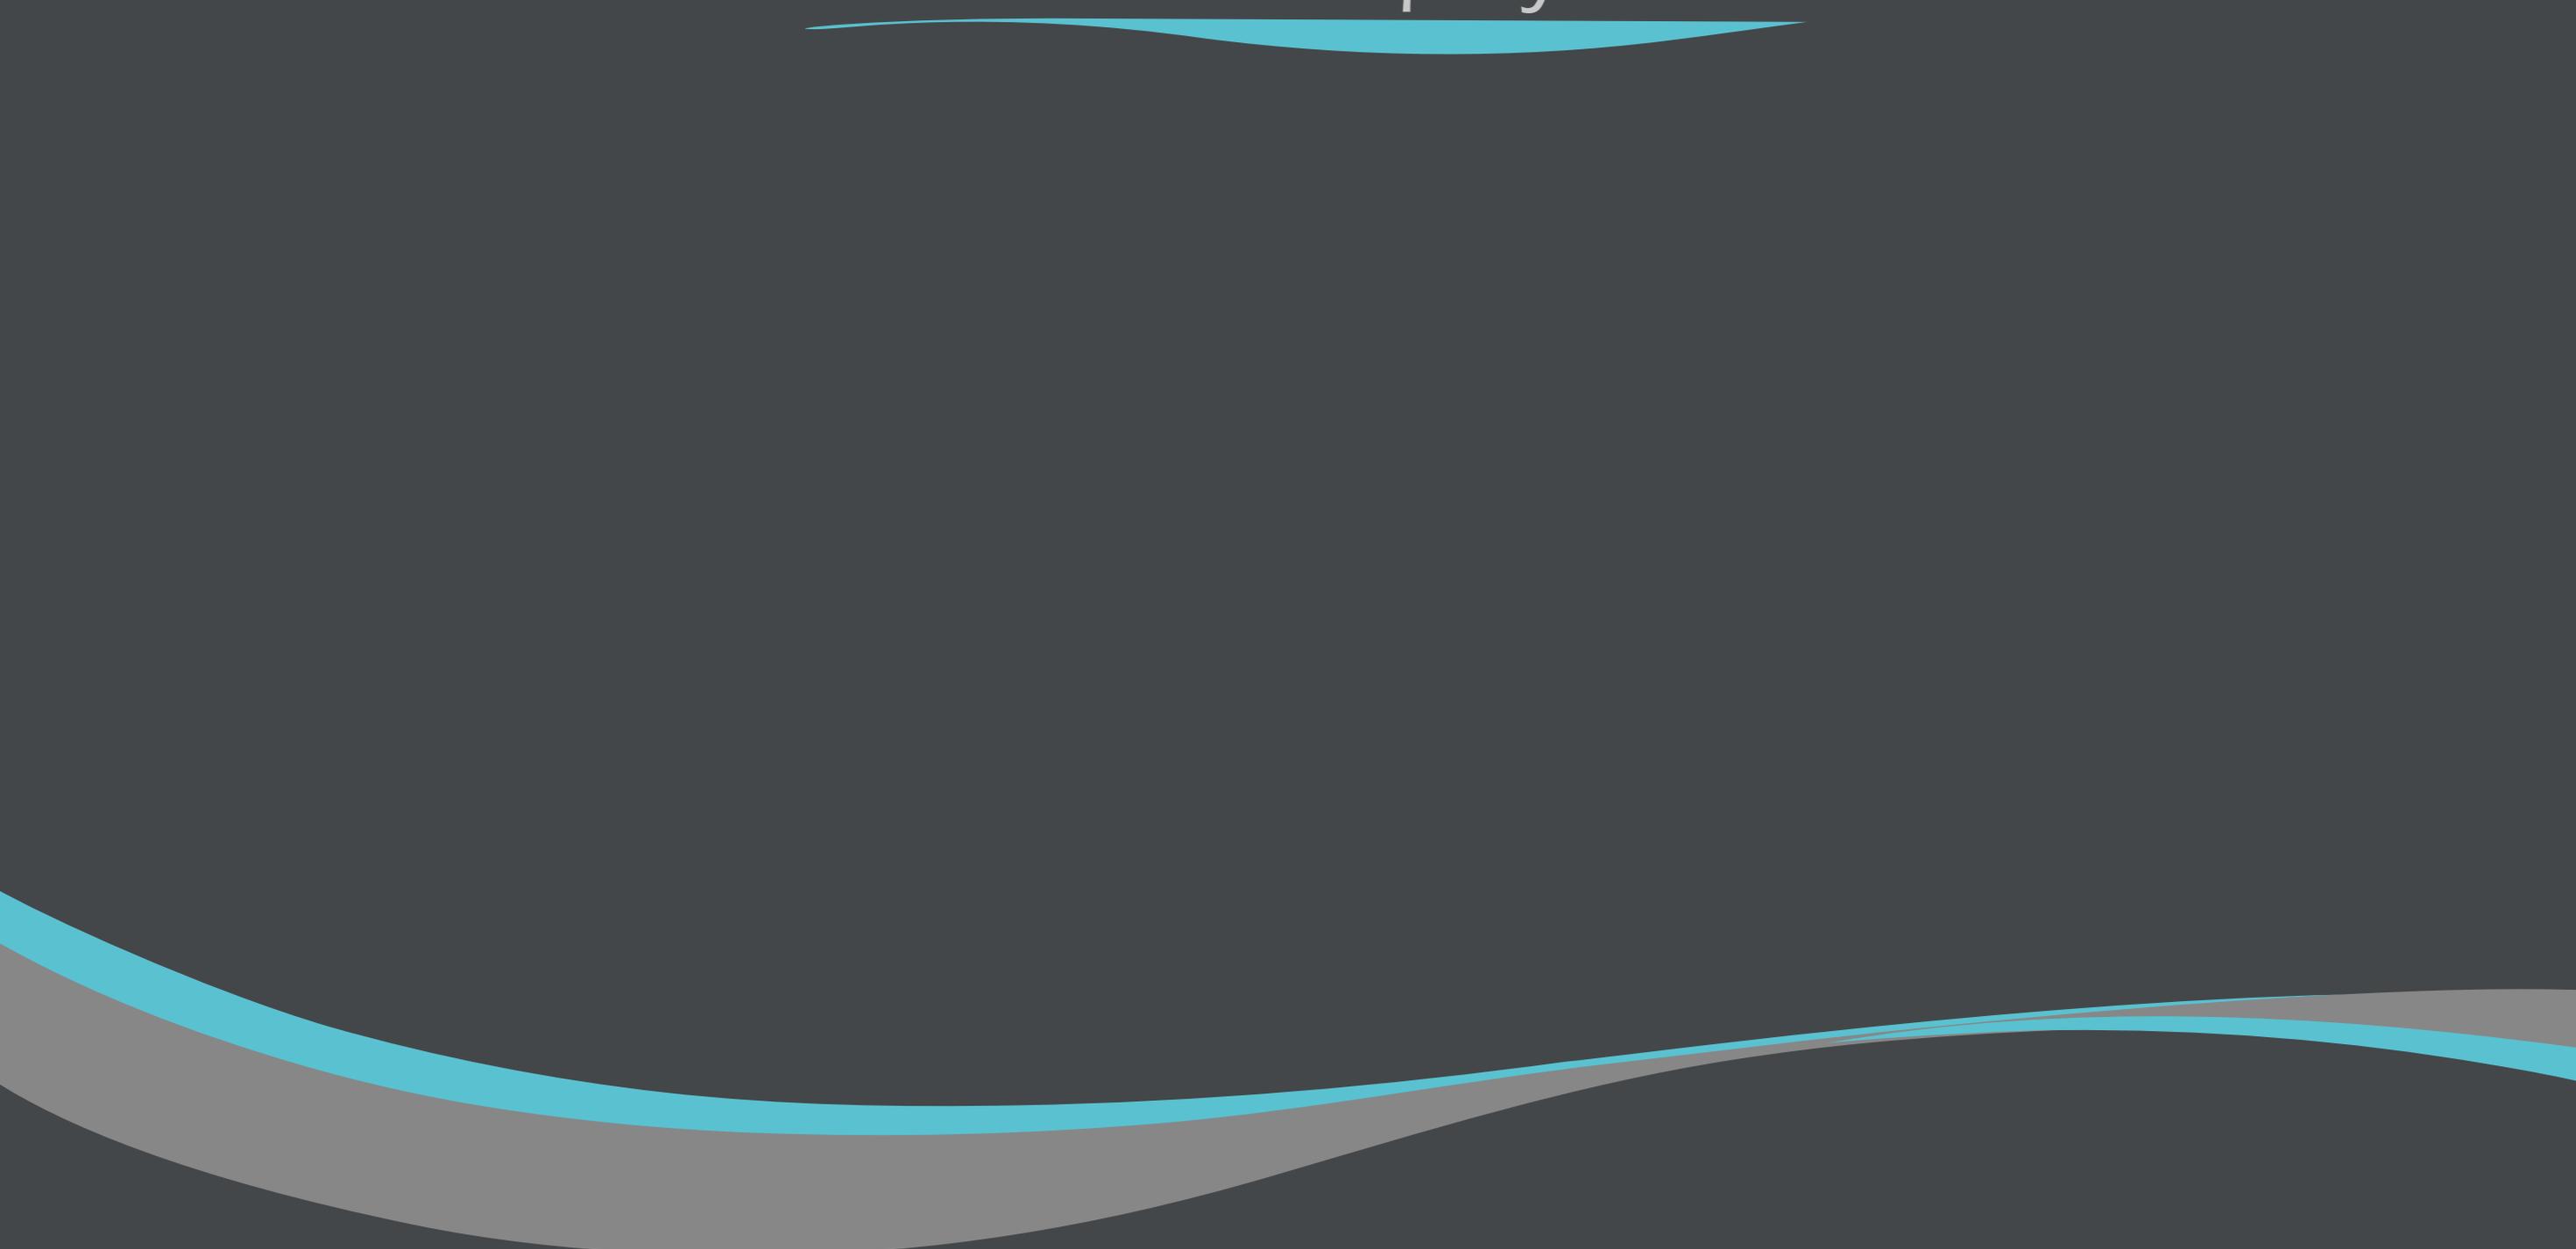

The Lau Group of islands are the least visited islands in Fiji with no land based tourism. Culture and traditions have been preserved along with a fascinating history where the chiefs of Lau ruled most of Fiji. The Lau islands have a unique geology made up of lime stone that has been eroded by the elements into dramatic islets and arches.

The Lau Group will provide an adventure of discovery for the yachtsman. For some islands information is scarce due to lack of visitors. Not all the Lau islands are mentioned in our itinerary on our website below as some have no anchorages and others I have not visited nor heard of any other vessels that was able too due to lack of navigational information. There may well be navigable passes to some of these islands and they could certainly be explored by tender.
